**Elite Model** Yanagisawa 'Elite' models are true player's instruments that represent the pinnacle of saxophone craftsmanship. Delivering a moderate level of resistance, the accomplished player can discover a truly effortless tone with unrivalled depth and flexibility, and a genuinely unparalleled freedom of expression.

**Professional Model** Yanagisawa 'Professional' models are free blowing, with a resonant tone, and deliver a superb performance across all musical genres. The student will develop their own unique style more easily due to both the advanced construction and ergonomic key design, and the advanced professional can be assured of both superior tone and a class-leading playing experience.

Yanagisawa, has always been at the forefront of technology and design, when it comes to the players' point of view. Our ambition has always been to keep one step ahead of the standard and seek the best sound that you can obtain.

**A** 《Front F Key》  
Redesigned Front F key for a better fingering.

**B** 《Right Side Key》  
Additional feet under the right side key levers (B<sup>b</sup>, C and high E) for a better touch.

**C** 《Right Pinky Key》  
New pinky key angle for smoother fingering.

A-WO37

**All Models**  
For smoother blow and precise intonation, we have reengineered the tube and tone holes.

**New Brass Materials**  
All new source of brass on our WO1 & WO10 models for better sound and sonority.

**A-WO1, A-WO2**

**《Palm Key Plate》**  
New \*palm key plate, on all models for added high range resonance, acoustic depth and projection across all registers, and exceptional tonal stability. \*previously only available on the 99 series

**《New Neck Plate》**  
An additional plate on the neck of the WO1 & WO2 for the tightening of the sound.

**New Case for WO SERIES**

Redesigned stylish case featuring a brand-new compartment on the outside for ease of access and a new backpack design.

**A newly designed engraving for each of the 3 models**
